FUNCTIONAL COATINGS (Fusion Bonded Epoxy) 

			
Pipe Coating 7-2500 ●/7-2514	Riser Gray III 7-2534	Green Rebar 7-2719	Multi-purpose Green ● 7-0014

Important: Consult product data sheets for properties and application information. Functional Coatings are mainly used for buried pipe, rebar, valves, primers, electrical insulation, and other high performance applications. Color and appearance will vary more than typical decorative products. Product numbering system is unique to FBE products.
